

TINYHERO
2017 IN REVIEW

Tiny Hero Team Players,

We hope your year is off to a great start! In this Tiny Hero First Annual Report, you'll find out where your donations have gone and how many families you have touched and saved! Your generous contributions go directly where it matters most, providing hope and help for families who have just received their Congenital Diaphragmatic Hernia (CDH) diagnosis.

We were honored to have many of you out in "full swing" at the Tiny Hero Golf Tournament in August! Our hearts are full of deep gratitude for the donors, volunteers, and army of parent supporters that have helped Tiny Hero grow this year. Stay tuned for the 2018 event details!

We are witnessing the tides shifting for the outlook on CDH, and are honored to be part of this ever-expanding movement. Early on we decided we are going to "go big or go home," and now we've decided "big" isn't enough! As quoted by Leon Brown, "Never underestimate the valuable and important difference you make in every life you touch, for the impact you make today has a powerful, rippling effect on every tomorrow." We look forward to working with all of you in the coming year to help even more families as they face this devastating diagnosis.

With much gratitude,

Steve & Annie Zolman
