

MISSION

HELPING CDH FAMILIES FIND THE BEST CARE, A SUPPORTIVE COMMUNITY & A HOPE-FILLED FUTURE.

LETTER FROM FOUNDER

Generous Tiny Hero Donors

We hope your year is off to a great start! In this Tiny Hero Annual Report, you'll find out where your donations have gone and how many families you have touched and saved! Your generous contributions go directly where it matters most—providing hope and help for families who have just received their Congenital Diaphragmatic Hernia (CDH) diagnosis. We are confident that you will feel excited by what you see!

We were honored to have many of you out in “full swing” at the Tiny Hero Golf Tournament, running in the Indiana 5K, rallying during our Hope For the Holidays campaign, and joining other events throughout the year. Our hearts are full of deep gratitude for the donors, volunteers, and army of parent supporters that have helped Tiny Hero grow in leaps and bounds this year. Stay tuned for 2019 event details!

Early on Steve and I decided we were going to “go big or go home,” and now we’ve decided “big” isn’t enough! Tiny Hero is “growing up,” and 2018 was a year of substantial expansion for us. Our outreach and the number of families we supported increased exponentially. With such substantial growth, our need for help from you, our trusted donors, is vital now more than ever.

With that growth in mind, would you consider becoming a monthly donor to Tiny Hero, and helping families take home a baby who many thought would never survive? We promise, the gratification and happiness you will experience from knowing you are having a major impact is indescribable, and will give you that extra skip in your step! Read on in this report to hear from thankful Tiny Hero families you helped.

With Immense Gratitude,

Annie Zolman
Founder, Executive Director of Tiny Hero

OUR TEAM:

Steve & Annie Zolman - Founders
Barb Lamb - Executive Assistant
Olivia Cason - Social Media

IMPACT

In 2018, Tiny Hero helped **105 families** seeking expert CDH medical care, at **48 different hospitals**. After receiving a CDH diagnosis, many families will need to temporarily relocate their families to find life saving care at a hospital equipped to treat CDH. It's not uncommon for a CDH family to spend upwards of \$25,000 out of pocket to give their baby the best chance of life. Tiny Hero is there to help these families bridge this financial gap, but we need your help.

REVENUES

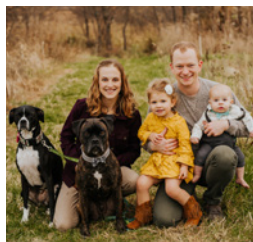

EXPENSES

Abby Braun Family:

"Without the support of Tiny Hero, those first few days after diagnosis would have been filled with anxiety, fear, and doubt. We would have been lost without Tiny Hero."

Jackie Harper Family:

"The doctors told me three times that terminating my son was our best option. It wasn't until I was lead to Tiny Hero that I was offered hope and learned CDH is not a death sentence!"

Ashley Beatty-Smith Family:

"We are deeply grateful to Tiny Hero and to the donors who have helped families like ours seek the best care and bring our babies home!"

Stacy Bethel Family:

"It was a dark time, but through Tiny Hero I found doctors and hospitals who gave my baby a fighting chance. I now have a happy and healthy 6-month-old boy who is doing better than ever!"
